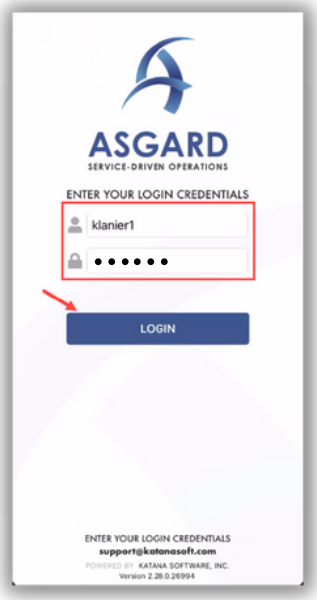
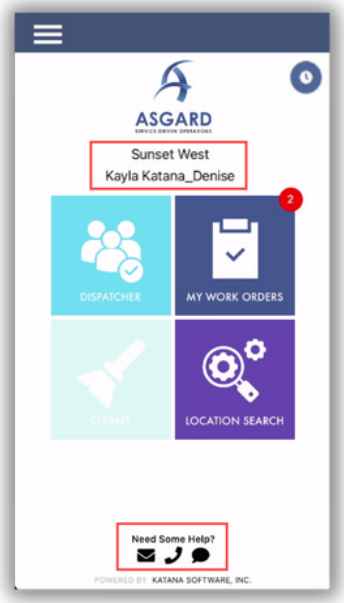
AsgardMobile Overview - Android

Step 1: Log into AsgardMobile using your Asgard username and password



Note: If you don't know your login credentials or can't remember them, contact us at support@katanasoft.com

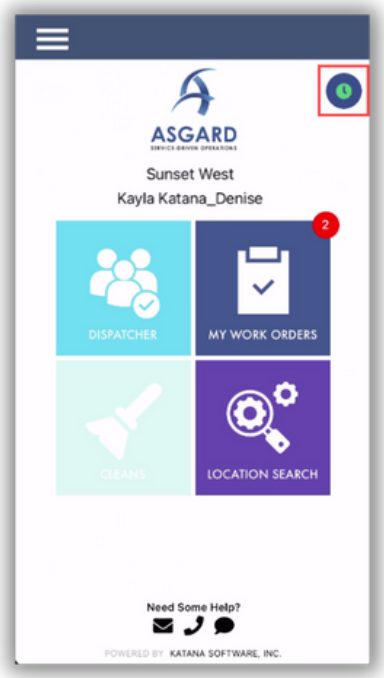
Step 2: AsgardMobile opens displaying your site and your name

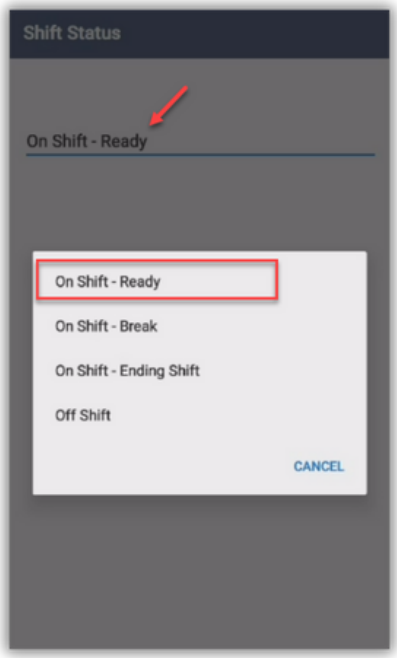


Contact Customer Suport by email, phone or text

Step 3: The **Manage Shift** button is the **Clock** within a blue circle and enables you to change your status from Ready to On Break, Ending Shift, or Off Shift.

Tap the clock to open the Shift Status screen. Select your status, then **Done**





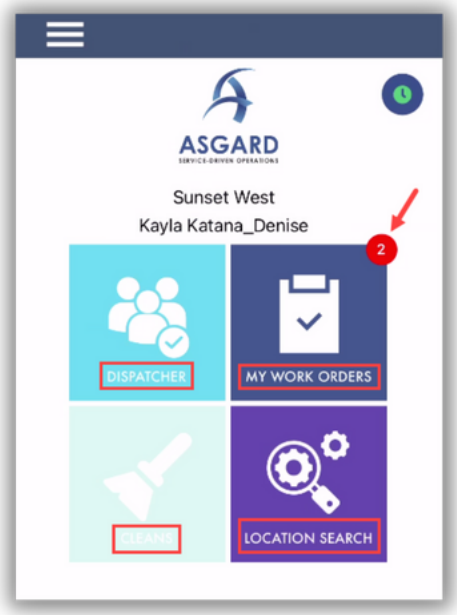
On Shift-Ready: First thing you do is put yourself in **On Shift-Ready** status to receive work orders

On Shift-Break: Provides a courtesy timer to let you, they system, and front desk know how long you have been on Break

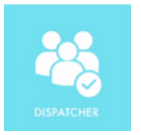
On Shift-Ending Shift: Recommended 15 minutes before you leave for the day, allowing you to finish up your work

Off Shift: Make sure you change to Off-Shift **before** you log out for the day

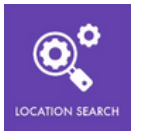
Step 4: The four tiles allow you to navigate to different features and functionalities



My Work Orders - shows the number of active work orders assigned to you, including Standard, PMs, and Inspections



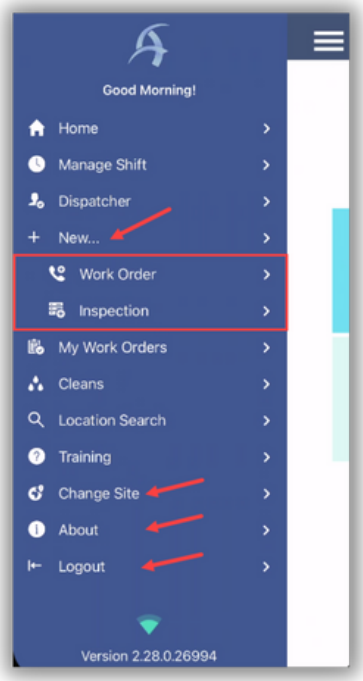
Dispatcher - is permission-based and designed to give mobile dispatcher capabilities from within the application



Location Search - allows you to search all types of work orders for a specific location and provides filter options to narrow your search

Cleans - is still in development! In the future, it will support management of cleans for users with appropriate permissions

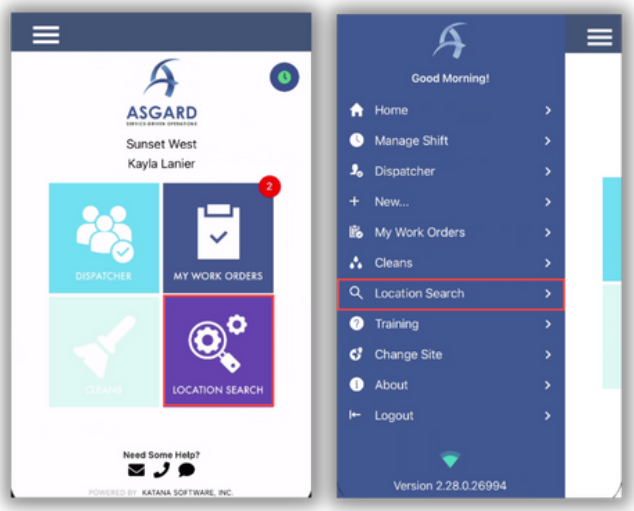
Step 5: The **Hamburger Menu** includes all of the options from the Home Screen, plus a few more, including:



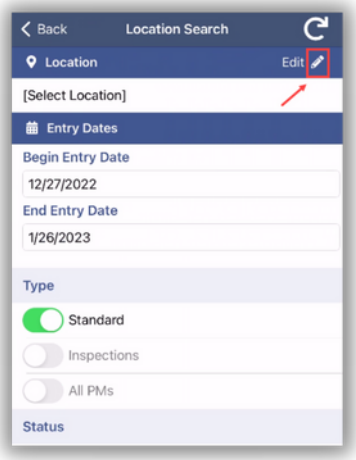
- The ability to create a **Standard** or **Inspection Work Order** by tapping on **+ New...**
- The option to **Change Site,** to access your training site, or have permissions for multiple sites.
- **About** is a convenience feature that includes the AsgardMobile version number and OS version of your Android device. This information is helpful if you need to call Support.
- **Logout** logs you out of the application but does not take you Off Shift. Remember to put yourself in ***Off Shift status before you log out!***

AsgardMobile
Location Search

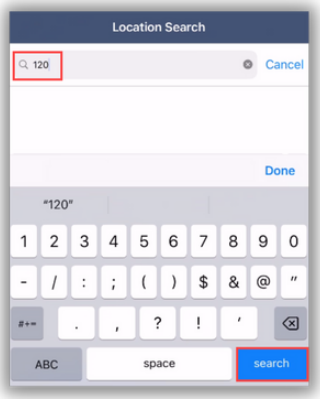
Step 1: Tap **Location Search** from the Home Screen, or from the **Hamburger Menu.**



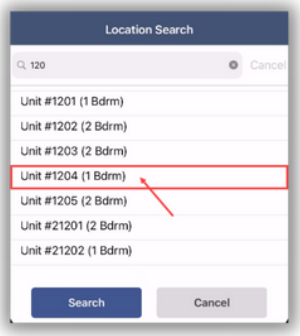
Step 2: Tap the **Pencil** to search for a location.



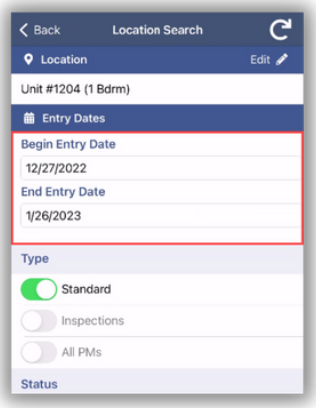
Step 3: Type the first three characters of the location and tap **Search**.



Step 4: Tap on the **Location** you're looking for.



Step 5: Enter a Begin Entry Date and End Entry Date. Defaults to the last 30 days.

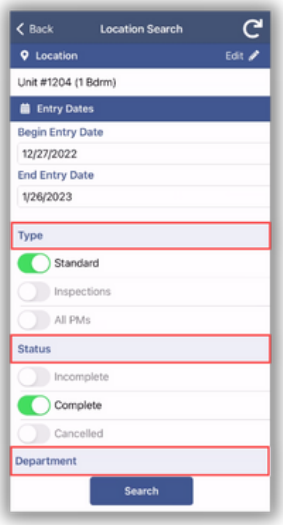


Step 6: Choose the desired Location Search Filters using the on/off toggle buttons or tap the Banner to select or deselect all.

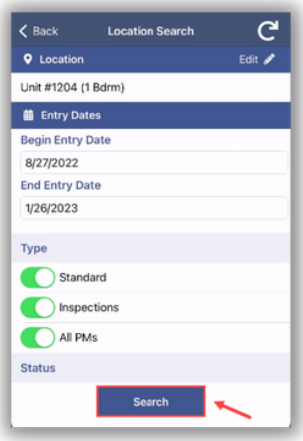
<u>Type</u>: Filters for Standard, Inspections, or All PMs

<u>Status:</u> Enables filters for Incomplete, Complete, Cancelled, Expired, and Superseded

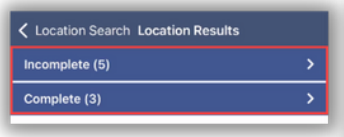
<u>Department:</u> Provides filters for Housekeeping, Engineering, Activities, etc.



Step 7: Tap the **Search** button after all search parameters have been chosen.



Step 8: Banner headings will indicate the status and number of work orders.
Tap the **banner** to view the work order list.
Tap a **work order** to open and view details such as *notes/comments/photos*.

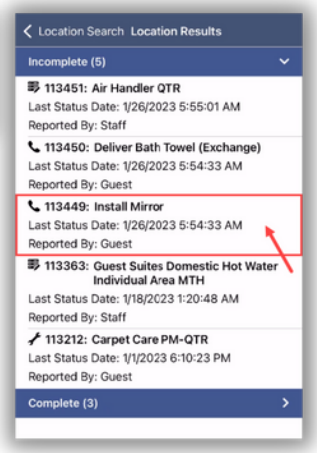


Standard Work Order

Inspection Work Order

PM Work Order

Note: If no results match your search criteria you will get a message letting you know.



Step 9: Tap the Reset symbol to clear the location, reset your entry dates and search criteria to the defaults. Defaults are:

- Last 30 days
- Standard for Type
- Complete for Status
- Your Department

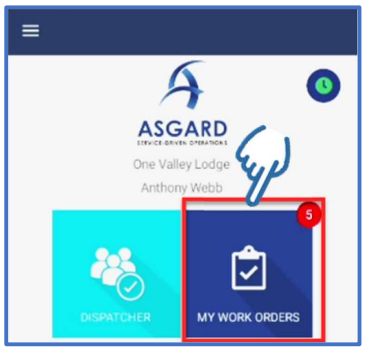
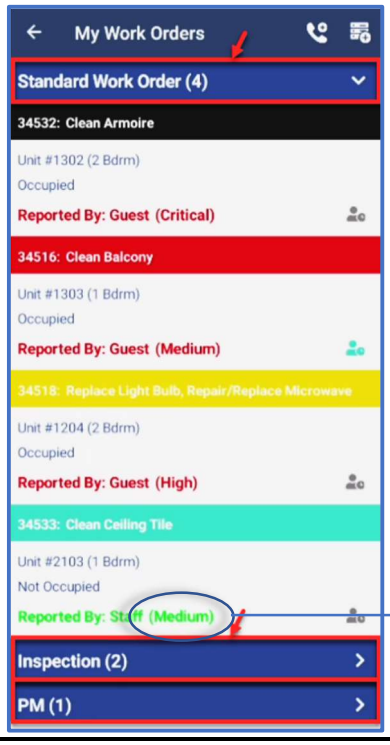
Managing My Standard Work Orders for Android

1. Tap **My Work Orders** to view all Work Orders assigned to you.



Red circle indicates the number of Work Orders assigned to you.

2. Blue Banners divide **Supertypes, Standard, Inspections,** and **PMs**:



3. Work orders prioritized by **Aging Status** and **Priority**

Black = Rework

Red = Overdue

Yellow = Due

Green = OK

Priority: Critical/High/Med/Lo

4. Work Order Quick View

- Work Order ID/Task
- Location
- Occupied Status

Best Practices:

- Guest reported Work Orders take priority over Staff reported.

- Overdue Work Orders take priority over Due or OK

5. Tap Work Order to View
